

# CCTV (PSS) - SIA

## Why is the course important/ Course Overview

An SIA licence is required to work as a Close Circuit Television (CCTV) operative covering Public Space Surveillance (PSS). In order to obtain an SIA licence you will need to show that you are trained to the right level. This applies to front line staff only. The course includes:

### Module 1 - Core Learning for Common Security Industry Knowledge

Law in the Private Security Industry  
Health and Safety  
Fire Safety Awareness

Emergency Procedures  
Communication Skills and Customer Care

### Module 2 - CCTV Operations (Public Space Surveillance) Specialist Module

Introduction to the Roles and Responsibilities of the CCTV Operator and other CCTV Staff  
Codes of Practice, Operational Procedures and Guidelines  
CCTV Equipment and its Operation  
Control Room Communications and Access Control  
Legislation & Dealing with Incidents  
CCTV Surveillance Techniques  
Emergency Procedures in the CCTV Control Room  
Health and Safety at Work in the CCTV Environment
